## Introducing Fiberglass Woven Tape - 1000 Deg. F rated

*Packed in 100 ft. rolls & shrink wrapped  
1000 ° F constant temperature rating!*

**NEW!**

### **Woven Fiberglass Tape:**

Our new line of woven fiberglass tape is made of high-density fiberglass material designed to exceed industry standards in a wide variety of applications:

- Industrial Boilers
- Wood Burning Stoves
- Cast Iron Boilers
- Pollution Control Equipment
- Ovens & Furnaces
- And more.

Lots of stock on standard movers and 3 day turnaround delivery of non-stock items. Available with or without adhesive backing for easy installation!
